1. My body is destitute, destitute, destitute. My body is emaciated, weak, insipid, banal, and Ted, not ubiquitous in power as I designed and hope and intercede for.

Much of My body wastes away, not knowing the authority I have given it—I provided, I died for.

2. Oh Ted, take this message to the ends of the earth and never let it be far from your mouth.

3. I came, I come—I gave all authority to My body, in Me, and walked in My authority they haven't, subjecting themselves to authorities less powerful but asserting their might and right over My body's might and right and privilege provided, Most-High-privileged.

4. In debt, downtrodden, emaciated, destitute—covered over in mammon oriented mammon-designed philosophies and mindsets created in evil and not in freedom. Greed, control, displays of power upon power to crush all questioning the power of imposters counterfeiting My provision and freedom.

5. Oh Ted, oh herald a new day born, born, emerging, visible on horizons of Me, for My body looking into Me, into Me, and spending time with Me to see what I am doing.

6. Rejoice, rejoice, rejoice—erupt My people in joy and laughter tainting the complacent controllers who want everything docile and impotent and controlled and focused on them and their authority.

7. Oh Ted, rejoice, herald the day of My appearing to My body in My creation in joy and laughter and power and prowess over mammon oriented ways of living and thinking and spending money and time, money and time, time and money, for things that satisfy not.

8. So many holes, so many hollow, non-satisfying theories of people-permeating theories that drain and destroy and destitute the power of My people.

9. Arise, walk as you did this morning praising Me and declaring My authority through you to My people—through them—arising them and lifting them to war against the propaganda of hell that restrains and emasculates and wimps make of My warriors.

10. You're on the right track—move, accelerate, run, boldly proclaiming My word of freedom, My proclamation of freedom, freedom, freedom for My people, this 2nd day of October 2003, your fast day 3, 3, 3, in Me, for Me, for My Mine, for institutions that will stale never but reinvent themselves constantly for at My knee they will be, in My quarters, My chambers, and My vineyards, constantly continually seeking Me, seeing what Father is doing, saying what Father is saying, then hearing and doing what we do.

11. Our will being done on earth—sinewing our body where sinew was eaten away by mammon, replacing blood cells in bodies and hearts and soul/spirits of My Mine, My body, in peace, in prosperity, in healing.

12. Wimp not at your responsibility to lead, lead, lead, taking authority in My kingdom, over righteousness deficient to righteousness abundance, over My body, to freedom them, Me, freedom, Me, freedom, taking authority over the lack of Me, the lack of wisdom knowledge and understanding embedded and inextricably made in truth, truth, Truth.

13. All Truth is of Me—no sacred, no secular, Me, just Me, all Me. Oh Ted, Mine, and warrior ability-ize My wimps who have My design upon them but eyes dim and muscles atrophied they display—for they know not their power—My power through them that they can walk in.

14. Down the aisles, in the isles, from the front, from the back, throughout My earth—warriorize My people by arising them in My authority, My authority alone, in power, in meekness and humility to know Me, know Me, know Me intimately so I can arise them and significance them and confidence them that they are who I say they are, and they can do what I say they can do.

15. I await for them to know Me and intimately discuss and inquire and arise in My robe-ing them—showering them with My robes of not material, but righteousness, meekness, and power of My Spirit.

16. Oh joy, oh joy, oh joy—you're reinvigorated and you will reinvigorate My body and arise them and empower them to arise and take My hand and believe Me, and believe My word so they can hear My words to and for them, and those around them, and then walk the isles of their life in power and authority and fully letting Me be Me through them.

17. Arise, rejoice—arise, rejoice, arise, rejoice My body, for I have a leader who won't bow to mammon and philosophies of man, and whose only quest is to please Me and put your hand in Mine, Mine, Mine alone—to heal you, kiss you, love you, touch you, confidence you, significance you, and for you to walk fully in My design which is the greatest freedom of all, of all, of all.

18. Oh rejoice, rejoice, rejoice and help My servant. Arise, initiate, be bold and reticent not for My time is now, his time is now, and your time is now, now, now. Withhold not back from what I have put in your heart to help and aid what I am doing and what all I have said in these words for months, months, months.

19. Arise, rejoice, arise, rejoice, arise, rejoice—synergy, synergy, synergy.
20. Dance, smile, laugh—oh provision—oh joy, oh freedom you hand to those in your voice, in these in your realm, in those you take Me to, in Me taking you to them.

21. Arise, rejoice. Fast day 3. Oh move, oh run, oh so much more I have for you and every single boy, girl, man, woman who will but arise and take even one step toward Me—even look at Me, solidly, squarely, seriously, and lift one hand to Me—I come, I equip, I come, I heal, I come, I am there with you and equipping My body to know Me and realize they can, and are, to come directly into Me, into Me, in Me, in My chambers, My quarters, My life. Oh Ted, you are, you're calling, you're choosing, you're delight, which delights Me endlessly.

22. Oh warriors arise who feel you are wimps, in debt, downtrodden, forgotten, loneliness-penetrated, powerless-feeling, dominated, hopeless—oh My Mine, I love you, I arise you, I send you My word that this is a new day, for I come and I come to you and I do not exclude you—to salve and embrace and yea, even to bow before you in honor and respect as I stretch My hand out to you to heal you, and take your hand and arise you to walk in My big world, and be not destitute and dominated any longer, no more, no more, never again. Freedom, freedom, freedom.

23. Freedom—shout it, shout Me from your housetops—free, free, free on your foreheads, by Me, Mine, of Me, never dominated again, but wisdom-filled walking in authority and networks that build generationally of My wisdom, knowledge and understanding, and therefore power and prowess, and de-destituting My people, My body, sinewing them together into My body one, one, one.

24. Wisdom, power, knowledge, might, power, wisdom, meekness, prevailing, prevailing, prevailing, dominance in your craft—My anointing flowing as I designed.

25. Raise up your students to arise, arise, arise in who I am and what I have done for them, that they can and must choose to walk in, run in, fly in, taking authority, moving, accelerating, rivering Me, Me, Me, in power and meekness and love personified, love personified, love personified.

26. All truth from Me—all true truth is from Me for My body to know Me, and fully become and embrace My body, in freedom, freedom, freedom, in Me, Me, Me.

27. Oh arise, rejoice, free you are, free you will make many—
Arise, arise, kick your heels in the air for joy and dance and de-destitute My people—
Arise, arise, rejoice—arise, arise, rejoice—
Arise, arise, rejoice.

28. They come—from the four winds they come—
Of every tribe and nation—they come—
Arise, rejoice—arise, rejoice—arise, rejoice—
Freedom from tyranny, freedom from bondage, freedom from destitution.
Royalty-ize My body—accelerating My program—which is at My knee, arising My little ones, arising My big ones, arising My young, arising My old—never too old, never too old—renewed youth, renewed vigor—freedom, freedom, freedom.

29. Am I clear Ted? Am I clear? Am I clear for you? Am I clear for them? Am I clear? Oh arise, rejoice you My love, My body, My bride—not humped over, not destitute, not

powerless—erect, powerful, powered by the blood of the lamb, the true I am, Me, for My body, for My Father. I come, I call, I confirm, I arise and I significance.

30. Now Ted, taking authority is serious and not to be confused as some confuse it. Serious be and seriously consider My words. This must be done—study, alone, in secret, is not enough. Prayer alone and in secret, of repetitions of even Me, will not arise My people to pierce the veils that render them powerless.

31. They must be taught to pray—
They must be taught to take My hand—
They must be taught, taught, taught.

32. They must be presented.
They must be cared for, carefully, carefully, gingerly, with gentleness, and nourished and protected, while they choose their path of life—to life or Life—and choosing Me. Arise them and significance them and allow them to fail—if in sincere quest to mature. Embrace them, embrace them, embrace them until they can fly.

33. Oh Ted, from four winds, four points, covering all points, they come, they come, they come.

34. Strategic be and forget not your training of Me that's Truth—much truth in your training.

35. Spiritual be—strategic be—wise be and compliment Me in your courage to walk as one, one, one, in Me, with My body—
36. Modeling righteousness, modeling models of truth—innovation and creativeness.

37. I am—I've come.
I am here.
Arise and rejoice and enjoy My garbed ones who look nothing like you—as well as dirt-floored and palace-trained.

38. Me My body, Me My body Ted, Me Mine, and I shall be so happy, so thrilled, propelling My Mine throughout kingdoms of this world at every level who communicate with Me and Mine and networks establish, created in Me, in union with Me—new, new, newness of ever-new.

39. I love you. Arise. Fast day 3. I applaud, I arise, I arise you.
Now tender be, tender, more tender.
More love, more gentleness, more meekness—
And write, write, write.

So much writing ahead of you.

40. Oh plan—strategic be—forgetting not My training I've given you—
Receive criticism and learn.
Receive wisdom and inertia.

Receive acceleration and knowledge and wisdom and understanding.

41. And Ted, all the glory is Mine.

42. Receive Me, My body, My Mine—
Deflecting all glory to Me—
Reflecting Me, allowing Me to be Me—
And receiving all I am doing—through you.

43. Arise, rejoice, arise, rejoice, arise, rejoice, and take authority daily over that which dims, delays, diverts, and destroys. I gave you authority. I give you might. I give you power. I gave you My name. I gave you My blood. You are My sinew. You are My inside. You are My body. Now act like My body and embrace My body all, and walk in the newness I have given you, you, you all who choose Me—life, freedom, true happiness, relationships, networks, deeply fulfilling relationships of only Me.

44. New, new, new.
Arise, arise, arise.
Take authority, take authority and teach and train and embrace My downtrodden.
I arise, I take, I bring, I teach and I rejoice, I rejoice, I rejoice.
I rejoice with you Ted.
Hear Me—see My face.
See My tears of joy—as you arise and embrace My destitute,
Freeing them from forces centuries dominant.

Free, free, free.
Tears.
Joy.
Love.
Peace.
Freedom.
Provision.

Thank you, thank you, thank you.

45. Arise, forward go, no more standing still, not even one day—in deliberation, debilitating deliberation, that does not propel you into My promises I've given you.

46. Write, write, write.
Take authority, take authority, take authority.
You have it. You have it. Use it.
Use Me, use My name, do what I said do.
Build what I said build.

47. Concern yourself not with what I've repeatedly told you to not concern yourself with.

48. I am, I am, I am the great and only I am and I arise and I arise you and together we arise and go forth in power and might to teach and train and set free the destitute, the downtrodden, the debt-ridden, the ignorant, the put-upon, the felt-powerless—but choosers of Me.

49. Great joy, great joy, more joys await you as you daily await Me and My instructions and take authority over all lack and forces which delay and dim and divert and destroy. And Ted, I love you, I love you for it. I love you for coming.

50. Nothing is beyond your grasp—ask big—for I am, I am, I am not destitute, but I am de-destituting My people, arising them into My design, through you, through My schools, of Me, of Me, of Me—enjoy, arise—and let them all know of My joy everytime they give Me even a minute of their focus, even a moment, and so much will I give for so little.

51. Oh generational friendships you form, are forming, with you and yours and Mine —one, one, one.

52. I free you, I free you, I free you to take authority and walk in all the authority I have given.

53. Ask big—
You're surrendered big.

54. Now ask big and free My lambs.
I'm excited.
You're closer, closer, so much closer to Me—

I thank you, I thank you, I thank you.
